Women Empowering Women
Travel to Nepal with us!

Join us on a unique, for-purpose trip to Nepal in November 2023 or 2024.Travel where tourists rarely go and experience Nepal through its skilled artisans, food, ancient stories and spiritual sites.

Learn from women driving change in their communities. Support bright futures for women and girls.

Our trips are run in partnership with Samunnat Nepal, who empower women, who have experienced gender-based violence and poverty, through legal support, income generation training, counselling and mentoring.
